

19th Global Inspiration Conference (GIC)

SPRING OF 'NEWMANITY'

Oostduinkerke

June 30th – July 7, 2012

Belgium

**THE CONFERENCE of the International Breathwork
Foundation (IBF)**

The annual Global Inspiration Conference (GIC) is a congress of one week with a special focus on breathwork. Trainers, therapists, coaches and anyone interested in the practice of conscious breathing come together from all around the world to share, learn and grow.

GIC participants get inspired by exchanging experiences, new techniques and methods during numerous interdisciplinary workshops. Everyone is invited to take part in any of the presented workshops or lead one. During the evenings, there are innovative conferences on various themes. Year after year this has proven to be a nurturing week, energizing every participant, inviting them to meet, to share, to grow... and to have fun.

THE VENUE: 'Domein-Westhoek' in Oostduinkerke

Every year the conference is hosted in a different country integrating its cultural and spiritual aspects. It is residential hence creating a special surrounding of connection, contributing to personal and collective evolution. Therefore the venue is always situated in a supporting, natural setting.

This year, a precious spot was found on the Belgian coast. The name of the hotel is "Domein-Westhoek" (which means West Corner Area) and it is situated in the north-west part of Belgium, at 15 km from the French border and some 50 kilometers from the Calais ferries.

The hotel is a 10 minute relaxed walk from a white sandy beach, that gently slopes into the sea. It is completely surrounded by nature, a park and even has its own sand dunes.

We are on the verge of a different society, a new emerging consciousness. Let's grow together into a new humanity. Be present, express your 'Newmanity'.
